***Examiner's Amendment and Reasons for Allowance***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Joe Lehrer on 9/7/05.

3. The application has been further amended as follows:

Claim 6 has been cancelled.

Claim 12 has been cancelled.

Claim 16 has been cancelled.

4. The following is a statement of reasons for allowance.

The prior art made of record fails to anticipate or make obvious the claimed invention. Specifically, the prior art fails to teach, in combination with the remaining elements:

the generation of interactive software objects that are transferred to a handheld portable computing device and used on the handheld portable computing device to control parameters of a process that are external to the handheld portable computing device and simulating on a computer the operation of the interactive software object on the handheld portable computing device, the handheld portable computing device using a second operating system that is less capable than the operating system of the computer.

Art Unit: 2174

Although Lincke et al. and Parker et al., when combined, shows a system that generates software objects transferred to a handheld device and used on the handheld device to control a process and that simulates user events for testing software applications, Lincke et al. and Parker et al. fail to anticipate or render the above limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
